Unspeakable Grace

(Lyrics, Isaac Watts)
(Music and Melody, The Shaws)

Intro: Am F Am F E
Capo 2

Am F
Adam our father & our head. **E**
Transgressed & justice doomed us dead
The fiery law speaks all despair.
There's no reprieve, no pardon there
Justice was pleased to bruise the God
And pay its wrongs with heavenly blood

(Chorus)
F Am G Am
O unspeakable grace!
The Son of God takes Adam's place.
Down to our world the savior flies.
Stretches out His arms, bleeds & dies.

Send down a chariot from above.
With fiery wheels and paved with love.
Raise us beyond heavenly blue.
To sing and love as angles do.

(Chorus)

Triumph and reign victorious Lord.
By all the flaming hosts adored.

(Chorus)
